John deere 320 skid steer service manual

I'm not robot!

1. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Foreword Foreword This manual is written for an experienced technician. Essential tools required in performing certain service work are identified in this manual and are recommended for use. Live with safety: Read the safety messages in the introduction of this manual and the cautions presented throughout the text of the manual. CAUTION: This is the safety-alert symbol. When you see this symbol on the machine or in this manual, be alert to the potential for personal injury. Technical manuals are divided in two parts: repair and operation and tests. Repair sections tell how to repair the components. Operation and tests sections help you identify the majority of routine failures quickly. Information is organized in groups for the various components requiring service instruction. At the beginning of each group are summary listings of all applicable essential tools, service equipment and tools, other materials needed to do the job, service parts kits, specifications, wear tolerances, and torque values. Technical Manuals are concise guides for specific machines. They are on-the-job guides containing only the vital information needed for diagnosis, analysis, testing, and repair. Fundamental service information is available from other sources covering basic theory of operation, fundamentals of troubleshooting, general maintenance, and basic type of failures and their causes. MM16284,0001A38-19-20150521 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa805... 2. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Recognize Safety Information Recognize Safety Information T133555-UN: Safety Alert Symbols T133588-19: Safety Alert Symbols This is the safety alert symbol. When this symbol is noticed on the machine or in this manual, be alert for the potential of personal injury. Follow the precautions and safe operating practices highlighted by this symbol. A signal word — DANGER, WARNING, or CAUTION — is used with the safety alert symbol. DANGER identifies the most serious hazards. On the machine, DANGER signs are red in color, WARNING signs are orange, and CAUTION signs are yellow. DANGER and WARNING signs are located near specific hazards. General precautions are on CAUTION labels. TX03679,00016CC-19-20070103 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801... 3. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Follow Safety Instructions Follow Safety Instructions TS201-UN: Safety Messages Carefully read all safety messages in this manual and on your machine safety signs. Keep safety signs in good condition. Replace missing or damaged safety signs. Be sure new equipment components and repair parts include the current safety signs. Replacement safety signs are available from your John Deere dealer. There can be additional safety information contained on parts and components sourced from suppliers that is not reproduced in this operator's manual. Learn how to operate the machine and how to use controls properly. Do not let anyone operate without instruction. Keep your machine in proper working condition. Unauthorized modifications to the machine may impair the function and/or safety and affect machine life. If you do not understand any part of this manual and need assistance, contact your John Deere dealer. DX,READ-19-20090616 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 4. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Operate Only If Qualified Operate Only If Qualified Do not operate this machine unless the operator's manual has been read carefully, and you have been qualified by supervised training and instruction. Operator should be familiar with the job site and surroundings before operating. Try all controls and machine functions with the machine in an open area before starting to work. Know and observe all safety rules that may apply to every work situation and work site. TX03679,00016FA-19-20070103 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801... 5. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Wear Protective Clothing Wear Protective Clothing TS206-UN: Protective Clothing Wear close fitting clothing and safety equipment appropriate to the job. Prolonged exposure to loud noise can cause impairment or loss of hearing. Wear a suitable hearing protective device such as earmuffs or earplugs to protect against objectionable or uncomfortable loud noises. Operating equipment safely requires the full attention of the operator. Do not wear radio or music headphones while operating machine. DX,WEAR-19-19900910 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 6. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Avoid Unauthorized Machine Modifications Avoid Unauthorized Machine Modifications John Deere recommends using only genuine John Deere replacement parts to ensure machine performance. Never substitute genuine John Deere parts with alternate parts not intended for the application as these can create hazardous situations or hazardous performance. Non-John Deere parts, or any damage or malfunctions resulting from their use, are not covered by any John Deere warranty. Modifications of this machine, or addition of unapproved products or attachments, may affect machine stability or reliability, and may create a hazard for the operator or others near the machine. The installer of any modification which may affect the electronic controls of this machine is responsible for establishing that the modification does not adversely affect the machine or its performance. Always contact an authorized dealer before making machine modifications that change the intended use, weight or balance of the machine, or that alter machine controls, performance, or reliability. AM40430,00000A9-19-20150701 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa802... 7. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Inspect Machine Inspect Machine T6607AQ-UN: Inspect Machine Inspect machine carefully each day by walking around it before starting. Inspect and Clean the Polycarbonate Windows. See Inspect and Clean Polycarbonate Windows. (Section 4-1.) Keep all guards and shields in good condition and properly installed. Fix damage and replace worn or broken parts immediately. Pay special attention to hydraulic hoses and electrical wiring. TX03679,0001734-19-20141217 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801... 8. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Stay Clear of Moving Parts Stay Clear of Moving Parts T133592-UN: Stay Clear Of Moving Parts Entanglements in moving parts can cause serious injury. Stop engine before examining, adjusting or maintaining any part of machine with moving parts. Keep guards and shields in place. Replace any guard or shield that has been removed for access as soon as service or repair is complete. TX03679,00016D2-19-20070103 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801... 9. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Avoid High-Pressure Fluids Avoid High-Pressure Fluids X9811-UN: High Pressure Inspect hydraulic hoses periodically – at least once per year – for leakage, kinking, cuts, cracks, abrasion, blisters, corrosion, exposed wire braid or any other signs of wear or damage. Replace worn or damaged hose assemblies immediately with John Deere approved replacement parts. Escaping fluid under pressure can penetrate the skin causing serious injury. Avoid the hazard by relieving pressure before disconnecting hydraulic or other lines. Tighten all connections before applying pressure. Search for leaks with a piece of cardboard. Protect hands and body from high-pressure fluids. If an accident occurs, see a doctor immediately. Any fluid injected into the skin must be surgically removed within a few hours or gangrene may result. Doctors unfamiliar with this type of injury should reference a knowledgeable medical source. Such information is available in English from Deere & Company Medical Department in Moline, Illinois, U.S.A., by calling 1-800-822-8262 or +1 309-748-5636. DX,FLUID-19-20111012 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 10. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Avoid High-Pressure Oils Avoid High-Pressure Oils T133509-UN: Avoid High Pressure Oils T133840-UN: Avoid High-Pressure Oils This machine uses a high-pressure hydraulic system. Escaping oil under pressure can penetrate the skin causing serious injury. Never search for leaks with your hands. Protect hands. Use a piece of cardboard to find location of escaping oil. Stop engine and relieve pressure before disconnecting lines or working on hydraulic system. If hydraulic oil penetrates your skin, see a doctor immediately. Injected oil must be removed surgically within hours or gangrene may result. Contact a knowledgeable medical source or the Deere & Company Medical Department in Moline, Illinois, U.S.A. TX03679,00016D3-19-20081103 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801... 11. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Work In Ventilated Area Work In Ventilated Area TS220-UN: Engine exhaust fumes Engine exhaust fumes can cause sickness or death. If it is necessary to run an engine in an enclosed area, remove the exhaust fumes from the area with an exhaust pipe extension. If you do not have an exhaust pipe extension, open the doors and get outside air into the area. DX,AIR-19-19990217 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 12. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Prevent Fires Prevent Fires T133552-UN: Handle Fuel Safely T133553-UN: Clean Machine Regularly T133554-UN: Carry A Fire Extinguisher Handle Fuel Safely: Store flammable fluids away from fire hazards. Never refuel machine while smoking or when near sparks or flame. Clean Machine Regularly: Keep trash, debris, grease and oil from accumulating in engine compartment, around fuel lines, hydraulic lines, exhaust components, and electrical wiring. Never store oily rags or flammable materials inside a machine compartment. Maintain Hoses and Wiring: Replace hydraulic hoses immediately if they begin to leak, and clean up any oil spills. Examine electrical wiring and connectors frequently for damage. Keep A Fire Extinguisher Available: Always keep a multipurpose fire extinguisher on or near the machine. Know how to use extinguisher properly. TX03679,00016F5-19-20081103 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801... 13. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Prevent Battery Explosions Prevent Battery Explosions TS204-UN: Battery Explosions Keep sparks, lighted matches, and open flame away from the top of battery. Battery gas can explode. Never check battery charge by placing a metal object across the posts. Use a volt-meter or hydrometer. Do not charge a frozen battery; it may explode. Warm battery to 16°C (60°F). DX,SPARKS-19-19930303 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 14. Thank you very much for your reading. Please Click Here. Then Get COMPLETE MANUAL. NO WAITING NOTE: If there is no response to click on the link above, please download the PDF document first and then click on it. 15. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Handle Chemical Products Safely Handle Chemical Products Safely TS1132-UN: Material Safety Data Sheet Direct exposure to hazardous chemicals can cause serious injury. Potentially hazardous chemicals used with John Deere equipment include such items as lubricants, coolants, paints, and adhesives. A Material Safety Data Sheet (MSDS) provides specific details on chemical products: physical and health hazards, safety procedures, and emergency response techniques. Check the MSDS before you start any job using a hazardous chemical. That way you will know exactly what the risks are and how to do the job safely. Then follow procedures and recommended equipment. (See your John Deere dealer for MSDS's on chemical products used with John Deere equipment.) DX,MSDS,NA-19-19930303 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 16. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Decommissioning: Proper Recycling and Disposal of Fluids and Components Decommissioning: Proper Recycling and Disposal of Fluids and Components TS1133-UN: Recycle Waste Safety and environmental stewardship measures must be taken into account when decommissioning a machine and/or component. These measures include the following: Use appropriate tools and personal protective equipment such as clothing, gloves, face shields or glasses, during the removal or handling of objects and materials. Follow instructions for specialized components. Release stored energy by lowering suspended machine elements, relaxing springs, disconnecting the battery or other electrical power, and releasing pressure in hydraulic components, accumulators, and other similar systems. Minimize exposure to components which may have residue from agricultural chemicals, such as fertilizers and pesticides. Handle and dispose of these components appropriately. Carefully drain engines, fuel tanks, radiators, hydraulic cylinders, reservoirs, and lines before recycling components. Use leak-proof containers when draining fluids. Do not use food or beverage containers. Do not pour waste fluids onto the ground, down a drain, or into any water source. Observe all national, state, and local laws, regulations, or ordinances governing the handling or disposal of waste fluids (example: oil, fuel, coolant, brake fluid); filters; batteries; and, other substances or parts. Burning of flammable fluids or components in other than specially designed incinerators may be prohibited by law and could result in exposure to harmful fumes or ashes. Service and dispose of air conditioning systems appropriately. Government regulations may require a certified service center to recover and recycle air conditioning refrigerants which could damage the atmosphere if allowed to escape. Evaluate recycling options for tires, metal, plastic, glass, rubber, and electronic components which may be recyclable, in part or completely. Contact your local environmental or recycling center, or your John Deere dealer for information on the proper way to recycle or dispose of waste. DX,DRAIN-19-20150601 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa800... 17. TM11407 - 318D, 319D, 320D and 323D Skid Steer Loader (EH Controls) Prepare for Emergencies Prepare for Emergencies TS291-UN: First Aid Kit Be prepared if an emergency occurs or a fire starts. Keep a first aid kit and fire extinguisher handy. Keep emergency numbers for doctors, ambulance service, hospital, and fire department near your telephone. TX03679,000174B-19-20081103 1/1 2019/11/28file:///C:/ProgramData/Service%20ADVISOR/Temp/TM11407_09001faa801...
